

## Gallery open by appointment only

In the interest of keeping our community safe, we have made the difficult decision to keep doors to Praxis Artspace Gallery closed except by appointment, starting next week, from Wednesday 25th, until further notice.

While Praxis has not had any positive cases of COVID-19, the health and wellbeing of our staff and community is at the forefront of our minds – the artists, arts workers, galleries, patrons and visitors who support Praxis Artspace. In the midst of this uncertain time, we feel that this is a significant moment to take a step back and focus of the wellbeing of everyone. The time has come for all of us to self-isolate and recognise this need.

We are passionate about art and want to share our exhibition with you. We have been working hard to make a lot of online content available and will be continuing our increased sharing through social media networks.

Continue supporting the artists and Praxis Artspace, visit the website at [www.praxisartspace.com.au](http://www.praxisartspace.com.au)

Keep an eye on our website, facebook, and Instagram page for our upcoming digital events.

For sales or to book a private appointment to view the exhibition, please contact the gallery on [praxisartspace@gmail.com](mailto:praxisartspace@gmail.com). Appointments to visit the exhibition must be attended by no more than 2 visitors at any one time. You may call us on 08 7231 1974.

We do not have any plans to cancel exhibitions later in the year. Our next exhibition will open as planned on May 21<sup>st</sup>.

Our hearts go out to all the medical community during this time, and encourage everyone to stay home if it is possible. Together we can flatten the curve; for ourselves, for everyone.

Stay Well,  
The Praxis Team
